Foreword

The staff of the "Ferrian" of 1938 wish to present this annual in commemoration of the founding of the Northwest Territory.

In an attempt to introduce the general atmosphere of the Northwest Territory, we have made use of interesting information concerning the Northwest, and used as headings and border designs memorable scenes of the settling of the Northwest Territory.

To the indomitable courage and the tireless perseverance of those hardy pioneers of the Northwest Territory, responsible for the comforts and conveniences of today, we most respectfully dedicate the "Ferrian" of 1938.

ADMINISTRATION

Ordinance of 1787

A century and a half ago, on July 13, 1787, the Congress of the United States enacted an ordinance for the government of the Northwest Territory.

The settlers of this territory insisted upon having an organized government before leaving for the new lands. For this reason Congress passed the Ordinance of 1787, which contained two principle divisions: *first*, the system of government to be established; *second*, a compact between the people of the original states and the people of the Northwest Territory.

Thus, the concepts of American ideals, which perhaps were planted in the minds of the first colonists and which bore fruit in the Ordinance of 1787, determined the most cherished fundamentals of this nation today.

STUDENTS

After waiting three years for Congress to cede to the Ohio Company that "sea to sea" grant known as the Northwest Territory, Rufus Putnam was made superintendent. Immediately he made plans for an expedition to the Muskingum.

The company of forty-eight men was to be divided into two parties: Monessah Cutler assembled the boat builders and their assistants and donated a migration wagon covered with black canvas, lettered by his own hand "For the Ohio"; Rufus Putnam assembled the second party of surveyors and their assistants. Ahead of these men lay months of severe winter, the hazardous wilderness of the Alleghany Mountains, possible Indian attacks, and all the perils of traversing an unknown territory.

Oh school, we're 'bout to leave you
And in parting shed a tear,
For the friends that we have made here,
One and all so very dear.

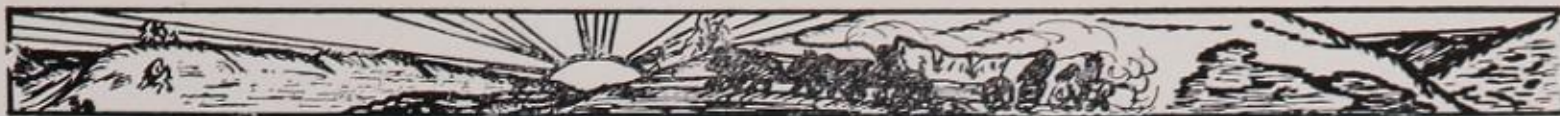

We started out together
And altho the way seemed steep,
We toiled on and upward,
To each task we had to meet.

With due credit to our teachers,
Who have lent a helping hand
We went to them with problems
For they were sure to understand.

Now that we have reached our goal,
To Ferry Hi we'll 'ere be true
And as the Class of '38,
We bid you all "adieu."

Bob Wolverton

Student Representative, 3-4.

"Bob" is a pleasant chap with quiet manners and a shy smile. During his four years of high school he has worked hard and we expect great things of him in the future.

Tom Zimmerman

Class Basketball, 1-2-3-4; Student Representative, 3; Hall Guard, 3.

The magnetism of his personality is revealed in his trust, his dependability and his willingness. This will enable him to succeed in later years as he has in his school work.

Scholarship Team

A total of 155 points was given to the Martins Ferry scholarship team as a result of their winnings in the contest at Athens, Saturday, May 6, 1937. The team left here at 5:45 Saturday morning, transported by members of the faculty in their cars. The group was assembled in the Ohio University auditorium at 9 o'clock to receive instructions, after which they were conducted to the rooms where the tests were taken. The tests lasted one hour so that the students were through at 10:30. At 11:30 the team members and faculty members went to the First Presbyterian Church for lunch. Results were given out in the auditorium starting at 4 o'clock and ending at 5:30.

Schools this year were divided into large, medium, and small classifications. Martins Ferry was included in the large division. This was the second year that the local high school had sent a full scholarship team. All in all, school officials were well pleased with the results. Second place was taken by Sara Sitash in twelfth year English and Martha Millard in first year Latin. Third place was taken by Betty E. Goff in Biology and Harvey Ashton, Jr. in General Science. Fourth place was taken by Margaret Kerr in Biology, Mary Jane Wilson in first year Latin, Marjorie Coleman in first year French and Irene Depasquale in tenth year English. Fifth place was taken by William E. Dennis in Chemistry, Robert Morgan in Plane Geometry, Thomas Hudock in Plane Geometry, Floyd W. Ashton in World History, Lois M. Sharp in second year French, and Ruth Livingston in eleventh year English. Every student placed in his particular subject. The remainder of the students not mentioned received a sixth, seventh, or eighth place.

Certificates were received from the State Department of Education honoring Harvey Ashton, Jr. for placing tenth in General Science in the large schools of the State of Ohio. Certificates were also received for Martha Millard and Mary Jane Wilson in Freshman Latin who received honorable mention in the large school division in that subject.

Junior Class Poem

We leave our Junior year with pride,
Because we have not failed to meet
The tasks assigned, and we have tried
To carry on with willing feet.

With courage high and unafraid,
We go to meet what is in store,
As we advance to take the place
Of those who have gone on before.

To them we reach a parting hand:
"Good wishes and good luck to you.
Remember Ferry High, and hold
To her ideals and customs true.

To you, O Sophomores, we leave
A heritage of works. Go tell
The world that you will strive to bear
The banner high. We wish you well."

Undaunted now we turn to meet
The task to come. Our Senior year
Stands but between us and the goal.
Our hearts are high. We do not fear.

Class Poem

We, the class of "40", are Sophomores now.
 No longer to Seniors are we forced to bow;
 For we're treated with respect—by Freshmen anyway.
 And they'll admit we're a good class any day;
 For we're represented in athletics and our grades are the very best.
 We make baskets, play football, and laugh at state tests.
 Though we've two more rungs of the ladder to climb, till we've reached the top,
 During those two years, for this school we expect to do a lot.
 So when we walk from Ferry Field, diplomas in our hands,
 They'll say we are a good class and as Sophomores we were grand!

When first the freshman class began
They said it was a fake.
The other classes smiled and said
They give us weary headaches.

After eight long years of grades
Whose memory will never fade,
Here we enter, life at stake,
Mid jeers and laughs. You freshman, awake.

When four more studies we have claimed
And four more credits we have claimed,
Sophomores we become and are
But the senior years seem yet so far.

As we entered here as Freshmen
And misfortune had to face,
Forward went our thoughts to forty-one
Where would end the long fought race.

Our class has struggled through the grades
And left but few behind;
It's either part of our good luck
Or someone's grit and pluck.

MUSIC AND SPEECH

From a small Massachusetts town the assembled party of Revolutionary War soldiers set out, migrating to new homes in the recently opened Northwest Territory, where they had secured land from the government. Ahead of them lay untold hardships, months of severe winter in the hazardous wilderness of the Allegheny Mountains, possible Indian attacks, and travel by foot and in cumbersome, oxen-drawn wagons eight hundred miles across swollen streams and over rough uncharted trails. But these men did not falter or turn back, for they were pioneers, seeking homes. With courage, cheerfulness, and enthusiasm they pressed onward to the broad river beyond the mountains.

The Band

This snappy organization typical of the spirit of our school, composed of eighty members and directed by Mr. Howard Cochrane, is always on hand, rain or shine, to pep up the crowd at the football games and to give encouragement at the basketball games. Since its organization, its snappy appearance and marching ability have won for the High School the honor of having the champion marching band of the valley. With its two flag bearers, four drum majors, six triumphant horns, and eighty flashy purple and white uniforms, Ferry Hi Band certainly makes a magnificent appearance.

We have a band of untiring musicians who practice each day from fall until spring in preparation for the Spring Contest. To keep in condition the Band practices at least once a week in the summer. We are looking for bigger and better things from our Band, and we know that under the able direction of Mr. Cochrane, and with the help of the Band Mothers, the School Board, and the Merchants of Martins Ferry (all of whom we must thank for supporting the Band by giving financial aid) and with the backing of Ferry Hi, it won't fail us, so let's give it three cheers. It's something we can really be proud of!

—Margaret Kerr "39"

Hail to Howard Cochrane, our capable band director. He not only directs the high school marching band but also directs a concert orchestra, a new "swing" orchestra, and the Junior Band. Last year Mr. Cochrane secured musical scholarships for nine of our boys at various colleges. He drills his band and his drum majors incessantly—result, "the very best band Martins Ferry has ever seen!"

"Pop" Cochrane, as all we band members know him, is just about the best guy ever.

We offer him congratulations on his work in the past and wish him success in coming years.

The Orchestra

The high school orchestra, under the direction of Mr. Howard Cochrane, has been very busy this year. Its members have been faithful workers, and through their cooperation have furnished some splendid music. The orchestra played for various assembly programs, for high school and Little Theater plays, for Open-House dances, and for banquets.

This organization will miss greatly the services of its six graduating members.

—Jane Merton "38"

Drum Majors

With a flash and a flourish, down the street comes the Martins Ferry High School band, led by four prominent members of our student body. Ray Koehline, the head drum major, leads the parade quite capably. Just behind him marches Katherine Williams, our smooth looking, smooth-baton-twirling head girl. Then, Jane Barr and Rosemary Scanlon, the blond pivot majors, swing into view with gracefully twirling batons.

All in all, in the drum majors, we really have something. They certainly have been great assets to our band.

Girls' Glee Club

The Girls' Glee Club under the supervision of its capable leader, Miss Ruth Bailey, has been very active this year. It assembles each Tuesday and Thursday of the week. Not only has it sponsored assembly programs, but special groups have sung before several clubs of the community. Several members of the club interchanged programs with those of Triadelphia and Bellaire. In the spring the two Glee Clubs, combining their voices, presented a grand music festival. This was the most outstanding treat of the year in the life of the Glee Club.

Boys' Glee Club

The purpose of the Boys' Glee Club is to give each member not only a deeper appreciation of music but also the ability to read it. On Mondays and Wednesdays, under the capable direction of Miss Ruth Bailey, the club has made much progress along these two lines of work. The music sung is from the finest collections of four part harmony for male voices. The success of a glee club depends largely upon its accompanist; this year James Laughley has creditably filled the position. It is a mutual feeling between Miss Bailey and the Glee Club that "all work and no play makes Jack a dull boy," so every once in a while the club has quite a merry time.

Christmas Pageant

SILENT NIGHT, HOLY NIGHT

Under the leadership of the director of the Glee Clubs, Miss Ruth Bailey an excellent cast, with the assistance of the a capella choir, vividly portrayed the origin of the Christian world's most loved song, "Silent Night, Holy Night."

Joseph Mohr, an Alpine priest, received the inspiration for the song as he plodded through the snow to bestow a blessing upon the new born son of a wood chopper.

With a most appropriate stage setting, the cast presented the scenes in a very realistic manner. The candle light processional, the stately announcements by the readers, and the singing of the Christmas Carols added much to the theme of the program to make it one of the outstanding of the year.

Mr. Simmons, a manufacturer, wishes his charming daughter, Ethel, to marry his junior partner, Chester Binney. However, Chester, who is very awkward and careless about his appearance, is certainly not the type of man who would interest the refined Ethel.

Determined to carry out his wish, Mr. Simmons conceives the idea of developing a few love affairs for the unromantic Chester. They go to a book shop and purchase some pictures of beautiful women, among them being one of Letty Lythe, a motion picture star.

A great change comes over Chester. Immediately the whole town begins to talk about Chester's affair with Letty Lythe and all the girls become quite jealous of Ethel, because of Chester's interest in her.

By request of the townsfolk, Letty Lythe, accompanied by her fiancée, comes to town for a personal appearance. This creates plenty of trouble for poor Chester, but after many amusing and complicated experiences, he succeeds in winning Ethel, to the great satisfaction of Mr. Simmons.

The purpose of the Junior Dramatic Club is three-fold: first, to teach some of the principles of acting, make-up, use of voice, and the acquisition of poise and self-control in speaking before audiences; second, to teach some of the forms of acting such as, pantomines, tableaux, impersonations, etc.; third, to review and discuss the leading plays and pictures.

Scenes from "Lochinvar," Pocahontas and John Smith," "As You Like It," and "Cinderella" were presented in pantomime and tableau.

Practical work in straight and character make-up was undertaken by club members.

A short skit, "Sauerkraut," and a one-act comedy, "Three's a Crowd," were presented in club. Another one-act comedy, "Relax," was given in an assembly program. This completed the work of the year.

Upon the night of her wedding, beautiful Moonyeen Clare was killed by her rejected suitor, Jeremiah Wayne. John Carteret, who was to marry Moonyeen, broods for fifty years over her death; and when Mary Clare's daughter, Kathleen, falls in love with Ken Wayne, son of Jeremiah and Sarah Wayne, he strongly opposes their marriage. The play concerns the two lovers' fight to make the stubborn old man see the light. With the help of Dr. Owen Harding, Carteret's best friend, they finally succeed after a great many tears and heartaches. Willie Ainley, Kathleen's ardent admirer, and Ellen, the faithful servant, add touches to the story.

The debate teams, under the supervision of Mr. Charles, finished a successful year. The District Tournament was held in Martins Ferry High School this year and our teams finished in second place.

In the tournament both the affirmative and the negative teams were victorious over Barnesville and both teams were defeated by St. Clairsville.

The negative team debated at Bridgeport High School and were able to defeat that school's affirmative.

The affirmative was composed of Nancy Wood and Bob Swift, and the negative of Margaret Kerr and Betty Jane McWilliams. Mary Ann Carpino, the only senior member of the club, was in charge of research and acted as timekeeper at the debates.

Jr.-Sr. Literary Contest . . .

The eleventh annual Jr.-Sr. Literary Contest, held March 18, 1938, under the direction of the English Department, aroused more interest than any contest ever before held. The competition between the two classes was keen, but the Juniors won in an overwhelming victory of 5—2.

Since the Senior Class (as Juniors) won the Contest last year, everyone felt quite confident that they would do so again. But to their astonishment the Junior Class reversed the prophesies and defeated the Seniors, so that the honor of winning the Contest for two successive years by one class remains to be gained.

At the conclusion of the program, the Chairman, Melva Caswell, presented pins to the winners and the cup to Bill Williams, President of the Junior Class.

Hit Parade

The annual Hit Parade held March 11 was one of the most successful variety shows ever presented in Martins Ferry High School. Howard Cochrane, the band director, arranged the program and coached the participants.

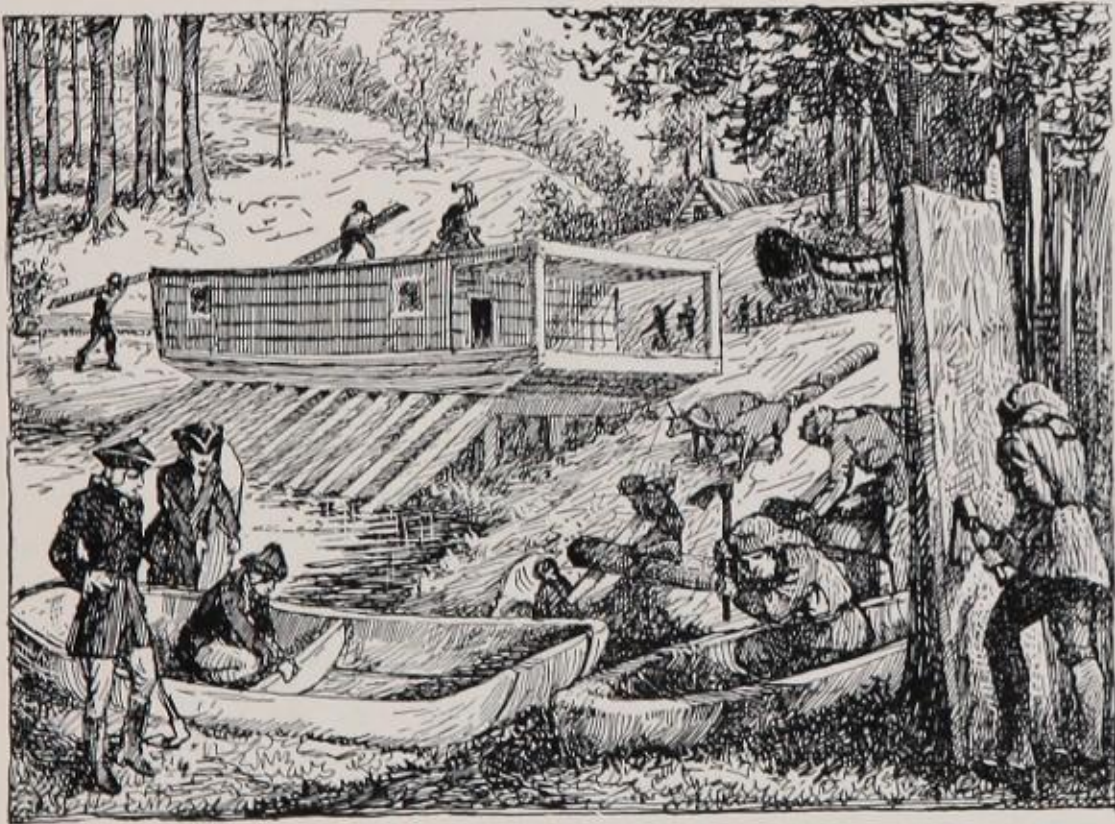

The stage, decorated in black and white, represented the interior of a club room. Fred Wrixon, of the Martins Ferry Little Theatre, supervised the stage settings.

A Thursday matinee was attended by a large percentage of the high school students. Again at the Friday evening show there was a capacity crowd of townspeople and students. Both times the program was enthusiastically received.

Kitty Sue Truax directed the orchestra. The twenty-seven acts, which included dancing, singing, piano solos, accordion solos, acrobatic numbers, readings, clarinet and trumpet solos, impersonations, South Sea Islanders, gossip, and the Big Apple dance, made the program a thoroughly enjoyable one.

ATHLETICS

Under the supervision of Jonathan Dovel, a ship-builder, boats were constructed for the journey down the Ohio when spring should come. Because of severe cold and deep snow, work progressed very slowly. A small boat called a pirogue, popular on the Ohio, was a log canoe split in half lengthwise, with a wide, flat section inserted between the two halves. This was substantial, safe, and easy to handle. The largest boat was a bullet-proof galley of green timber.

On April 1, 1788, the forty-eight pioneers started down the Youghiogheny to the Monongahela. At what is now Pittsburg, they entered the Ohio River and made their way downstream to Marietta.

FOOTBALL

With an almost entirely new squad, and nine members of the varsity with very little experience, Ferry had a good record. We won six games and lost four, two of which were by close margins. We are expecting great things from our boys next year.

Ferry opened the season by beating Bridgeport 15—0 in an exciting game.

In the next game the Riders polished off a well-trained Tiltonville squad 13—6.

Allegheny High, Pittsburgh, were the Riders' next victims, who went home with the short end of an 18—13 score.

In a pouring down rain the Ferry eleven was defeated by its friendly rival from across the river by the close score of 0—6.

Next, the boys traveled to New Castle where they were defeated 27—7 by a superb New Castle aerial attack.

On Saturday, October 30, the Purple Riders met their rival, Bellaire. With the Purple Riders fighting consistently throughout the battle, Ferry, nevertheless, lost 26—6.

From East Liverpool, then, came the Potters with, as usual, a good team, which defeated a fighting Purple Rider squad 21—12, a very exciting game. It was at this game, on November 6, that the new bleachers were dedicated.

With revenge in their hearts for the defeats they had suffered, a rejuvenated Purple Rider squad defeated the Akron boys by the score of 14—7.

We then played the Youngstown champions, Boardman, and won with the biggest score of the season, 34—0.

Harrison Tech, who came all the way from Chicago, Illinois, to play us on Turkey Day, were sent home defeated by a 27—0 margin.

This game wound up the season for Martins Ferry.

Swiger, Frank—The unanimous choice for All-Valley fullback, played a game worthy of this rating. On offense, defense, running and tackling, punting passing, and blocking, he was equally adept. As a smart, young, rugged, and aggressive player, Frank was the ideal type for leadership. He is rated by many of our Ferry fans as one of our greatest captains. Thanks, Frank, for your faithful and valuable services. We hope you enjoyed playing for us as much as we enjoyed watching you play. The Riders will miss you next year.

Donovan—Bob wore the Purple and White for the last time this year. He will be remembered for the loyal spirit he displayed, his hard work, faithful training, and consistent playing. Ferry fans will miss him next year.

Krone—Walter was our dependable center. While never playing a spectacular game, he could always be depended upon to give his best. He was a quiet, unassuming type of player, who, nevertheless, got results. This was his last season with the Riders. We are sure he will be missed next year.

McDermott—"Mac's" tremendous endurance and his indomitable spirit always kept him in the game, fighting, till the last whistle blew. His fine blocking and hard tackling led Ferry fans to believe that he can place his name along with those of other great Ferry linesmen. Mac's two years of training and experience should prove of inestimable benefit when he shoulders the responsibilities of co-captain with Bob Heff next year.

McNickle—"Pickles," Ferry's hefty, short, and stocky tackle, was handicapped by lack of experience. George played a conservative game, but always attracted the attention of the opposing team by his ability to show that he was in the game. We're sure George is going to be heard from next year.

Negus—"Goon," the big, rough, country boy, made the team at halfback his sophomore year. Running and stumbling and blocking were his delight. He was too modest to carry the ball this year, but we're hoping this modesty vanishes by next year. Hit 'em hard, Freddie! And get going right in '38!

Tice—Leroy ran the ends and smashed the line with equal ability. Having overcome early season difficulties, he did most of his playing in the closing games of the season. Tice is tough, and just the kind of a boy that likes the game. With added experience he will develop into a very fine football player.

Williams—"Slabfoot" played all positions equally well. At halfback, center, or end, he thought of his sweetheart more than now and then. Bill found love and football hard to mix. However, he did at times show us that he could play the game. We hope he will find a little more time for football next year.

Chontos—"Ernie," Ferry's aggressive little guard, made a name for himself through his ability to play in the opposing teams' backfields. His speed and fighting spirit made him one of Ferry's leading linesmen. Ernie never quit.

Davis—"Joedy," as a sophomore, played a very consistent game. For a light and inexperienced player he gave a good account of himself. He played the conservative type of game at end, with his defensive play considerably overshadowing his offensive work.

Heffelfinger—"Heff," as he is called, divided the season at guard and tackle. Starting at guard, he was moved to tackle the latter part of the season. He was one of the two regular lettermen to play last season. Heff plays a hard, aggressive game and is a very consistent trainer. He should make a good running-mate for the co-captain McDermott in 1938.

*This Page is Sponsored by
The Turner Shoe Store*

Johns—"Hoggy," as the boys call him, made his letter at guard last fall. He earned his letter by playing his position in a creditable manner. Harry has the essentials of a great player.

Laules—Nelson made his first letter playing halfback last fall. He is one of Ferry's best trainers and most willing workers. Nelson has many friends among the boys of the squad. We hope he develops into a great halfback in 1938.

Madison—"Curly" was the "pepper-box" of the Ferry line. He was continually renewing the fighting spirit of the Riders when they needed encouragement. This was Emery's second year on the squad.

Mandon—Big George Mandon made his letter at tackle. Playing his first season, he was handicapped by lack of experience. George always played hard and always gave the best he had for the Purple and White.

Football Reserves

The success of any football team depends on its reserve material. Without the reserves the team could not exist. Much credit is due these boys who practice just as much and just as hard as the regulars, but get little glory. These are the boys who will be the future Purple Riders, and we should all consider them as much a part of our great teams as the varsity. These boys played four games, winning two, tying one, and losing one.

Baseball 1937

Martins Ferry's 1937 baseball team won 64 percent of its games. The team produced under Fred Hart's effective coaching performed efficiently throughout the season. Although in the early part of the season we were defeated successively by Bridgeport and St. Clairsville with very close scores, we later came through with a winning streak, defeating Yorkville, Powhattan, and Tiltonsville consecutively. However, Bridgeport again marred our record by defeating us. But we retaliated on St. Clairsville by taking her over 16—0. Next we repeated our victories over Yorkville, Powhattan, and Tiltonsville. In the tournament, Bridgeport again defeated us. The record for the season showed 7 wins against 4 losses.

Ferry High School had five cheerleaders of which to be proud. Rain or shine they kept the fans cheering. The players, too, realized that these five boys were behind them through every play of the game. They were always ready to cheer the team out of a tight spot. Their coach, H. T. Sandrock, was untiring in his efforts to find new cheers and to straighten out flaws in the leaders' technique.

Basketball

Hard luck seemed to follow our basketball team this season. We won three games and lost fourteen, but eight of the fourteen games lost, were lost by narrow margins. Whether the Riders won or lost, the fans could always be assured of a good game.

The Riders opened their season by being defeated at Barnesville, 16—33.

Ferry played Toronto next and were beaten to the tune of 18—41.

We next held the Casket-makers to a 6-point margin, Ferry 37, Shady-side 43.

The team then journeyed to Tiltonville where they lost a heartbreaker 28—29.

A week later Bellaire came up, and we were again defeated by two points. Score 37—39.

Ferry next defeated Steubenville-Wells by a margin of 36—25.

Ferry was then downed by a scrappy Cadiz team 30—44.

The next week Ferry lost a close game to the fighting Bridgeport Bulldogs 33—39.

Our team next went to Toronto to be defeated by the Red Knights 33—57.

Then came Tiltonville again and this time, we were ahead one point when the final whistle blew. This score was 39—38.

Again we won, this time the Mingo Indians, by the close score of 24—23.

We then traveled to Bellaire where they rallied, and at the end of the game, the score was 20—37.

The Casket-makers then came up and went home with the long end of the score of 35—43.

The Wells High five then avenged their defeat by giving us a beating on their home floor. Steubenville 38—Ferry 27.

On the next Saturday night, New Philadelphia came down with a crack team which beat us by a score of 18—36.

The Riders then went to Bridgeport where they lost by the close score of 31—33.

Then came the last game of the season, and the Riders again took it on the chin to the tune of 20—26 from the sure-shooting Mingo team.

Frank Swiger—Frank Swiger played his last year in a Ferry uniform this season. He was cool-headed and deliberate, tossing accurate passes and sinking many shots. Whether winning or losing, he played with dogged determination and strong will to win. Frank will be keenly missed, as his exit leaves a vacancy hard to fill.

Carl Niemi—Carl played the kind of game that always kept the fans on the edge of their seats. He is tall, and he used his height to a good advantage. Intercepting passes, making lay-up shots, and getting open in the corner were all part of Carl's repertoire. He is a senior and will be badly missed.

Charles McDermott—"Chuck" is a fighting player with great ability. He is a good shot, an accurate passer, and a defense player of first grade. He has another year, and, if he continues to improve, opposing coaches won't go wrong by telling their players to "Watch McDermott!"

Louis Bevilacqua—Although Louis is only a freshman, he is one of Coach Thomas's standouts. He is a fine dribbler and has an unerring eye at the "bucket." Already one of Ferry's finest, he bids fair to become one of the greatest basketball players ever to wear a Purple and White uniform. He should prove his worth many times in the next three years. "Lewie" made 99 of his team's points this year.

Sam Campbell—"Sammy is an accurate shot and has acquired the knack of losing his man. While Sam is in the game, he is a continual worry to the opposite team, for he is always breaking into the clear to snare the ball and chalk up two points for the Riders. He is a senior, and his brogans will be hard to fill.

Albert Joseph—"Zip" is another one of those basket-ball-mad Josephs. "Zip" is fast on his feet and sets his man crazy by his floor-covering. He has an excellent "bucket" eye, and in two more years this package of pep will be one of Ferry's brightest stars.

Steve Dzuro—"Diz" is a real speed-merchant. He plays an alert and speedy game which gives the fans a real thrill. Although he is a fine player in other respects, it is his speed, fight, and alertness that make him such a favorite with the Ferry fans. He is a good player and a fine sport. "Diz" will be badly missed.

The Fidelity Savings and Loan Co.—We pay 4% per annum, payable semi-annually

Joe Davis—"Jody" has a nice fake, is a good pivot shot, and plays a good floor game. He is one of the toughest boys on the squad, and his play keeps the crowd in an uproar.

Nelson Laules—"Gone with the Wind" Laules is another speedy player. He is a good shot, a fine defensive player, and his speed enables him to break free of his man at every opportunity. We are fortunate in having Nelson back for next year.

Fred Negus—Although this is "Goon's" first year on the squad, he is showing great promise. Despite his inexperience he played some fine ball this past season, and Coach Thomas is banking heavily on his services for the next two years.

Basketball Reserves

The reserves, coached by Jesse Beavon, went through a very successful season. These same boys will be out next year fighting for positions on the varsity team, and their positions, in turn, will be filled by new candidates for the team. The reserves won eight and lost eight.

The scores were as follows:

The Coaches

Mr. Bowen, our athletic director, is one of Ferry High's valued assets. He is never without an inspiring pep talk or funny story. He carefully arranges our athletic schedules, and, whether our teams win or lose, Mr. Bowen is always back of them full strength.

Coach Loucks has turned out the best football teams that have ever been known at Ferry Hi. He is a man who has that real fighting spirit, instilling in the Purple Riders the desire to win, no matter what the opposition may be. He is admired by all his players, and, knowing football from all its angles, is able to develop the boys into a smooth running machine.

Hats off to Coach Thomas! He really knows "the tricks of the trade" when it comes to basketball. His personality and his knowledge of the game draw the young basketball "hopefuls" to him. In addition, he drills Ferry linesmen in the fundamentals of football.

As assistant football coach, Mr. Leffler deserves much credit for our successful teams. His patience and strong personality are reflected by the boys' determination to win. Due to his knowledge of the game, he is deeply interested in it. He should go far along the line of coaching.

Directing the destinies of the football and basketball reserves this year has been Mr. Beavon. He could not only hear and understand the plans and wishes of the other coaches, but could immediately put them into practice. He is a possessor of unusual ability and fine spirit.

Mr. Hart, one of the best baseball coaches in the Ohio Valley, has done great service for Ferry High by working his teams to the best of their ability. He has been a fair, energetic, baseball coach and deserves a hand of applause.

Class Basketball

Each year immediately following the close of basketball season there is an inter-class basketball tournament in which those persons not participating in regular basketball activities may have an opportunity to display their talent. These contests are always met with great enthusiasm by both the players and members of the several classes.

Each of the classes was represented this year by a Girl's and a Boy's team. The games were conducted after school or in the fourth period. "A" and "B" teams of each class first contended, the winners playing for the class. Class teams then played elimination games and undefeated quintets competed for the championship.

ORGANIZATIONS

On the morning of April 7, 1788, the flotilla of pioneers landed at the mouth of the Muskingum, where it was welcomed by 70 Delaware Indians who were camped at the mouth of the Muskingum to trade furs at Fort Harmar. The pioneers, having been assured of a peaceful welcome by the chief of the Indians, unloaded their boats and set up headquarters. Soon it became evident that the settlement, or city, near the confluence of the Ohio and Muskingum would be permanent. This settlement became known as Marietta, the first legal American settlement northwest of the Ohio River under the Ordinance of 1787.

Hi-Y Club

Secretary.....Samuel Campbell

Treasurer.....Harold Lott

The purpose of the HI-Y is to create, maintain, and extend, throughout the school and community, high standards of Christian character.

This year under the supervision and guidance of Howard T. Sandroek, advisor, the club has achieved its purpose.

Activities in both the welfare and social fields have been successful. To start the year off and as a general get-to-gether a weiner roast was held in the fall. Next came the formal and informal initiations. In December a delegation of boys attended a district meeting of the HI-Y clubs at the Wheeling Y. M. C. A. December 3, Reverend Osgood spoke at an assembly for boys which was sponsored by the HI-Y. To help the needy of the city a relief drive was conducted by the club in December. A joint meeting of the Girl Reserves and HI-Y was held in January with Reverend Sylvian Clifford as the speaker. As a fitting end to the year's activities, the annual Sweetheart Dance was held in April and it proved to be a huge success.

The club held regular semi-monthly meetings during the year.

The boys in the club have striven to fit themselves for life and have endeavored to set an example for the rest of the school to follow.

Science Club

Secretary-Treasurer..... Kenneth Moore

Three years ago the Junior Science Club was instituted in Martins Ferry High School. The year of 1938 found it among the leading organizations in the school. This club had excellent guidance from Miss Fietz and Mr. Leffler. Meetings were held weekly, and discussions included biology, chemistry, and industrial projects. The use of moving pictures pertaining to science was a frequent feature of these meetings.

The purpose of this club is to create and stimulate interest in science and general industry.

The Junior Science Club reached a new peak in membership, surpassing last year's by a good percentage. This seemed to indicate that more students were becoming "scientific minded"—"Let the future speak for itself!"

Under the able and experienced supervision of Miss Verna Kennon and Mr. Jesse Petty, the Advanced Science Club was organized by the pupils of our school to promote the comprehension of the more advanced sciences.

The club meetings were directed by the student officers of the club. All of the members cooperated with the officers in the functions of the club. Reviews of scientific data and various experiments were presented. The members who performed experiments and gave the reviews were at liberty to select their own topics as long as those topics pertained to the promotion of science.

The club's high standing in the extra curricular activities was maintained by the continual cooperation of each individual member.

The Biology Club, one of the several scientific organizations of the school was under the direction of Mr. Batdorf and Mr. Cobb. It met during the activity period each Wednesday.

This year the club wished to construct something that would be beneficial to the school in the future. The entire first semester was spent in research work for the purpose of determining what project would be most feasible. It was finally concluded that a model of prehistoric animals in their natural habitat would be best. The club used modeling clay and similar materials for the construction of the miniature. This year's club hopes that the work will be advantageous to succeeding classes.

The club's aim was to make clearer and more interesting the fundamentals of Latin.

In the first meeting officers were elected. Latin names were chosen by each member, including Miss Sheriff, the adviser. A spelling bee of Latin words was held in a following meeting. Later, pupils gave reports about Roman food and homes. The Christmas party was a jolly gathering of all three clubs.

At the first meeting of the second semester, groups made up of three pupils each were given different letters. They then made Latin words beginning with these letters. The group having the letters "t" and "w" won. In February a Valentine Party was held and Valentines with verses in Latin were exchanged. Valentine candy was also given to each member.

The final meeting was a joint meeting of all three clubs which closed a very successful club season.

The purpose of this year's Caesar Club was to impress the members with the daily use of Latin. Emphasis was laid upon the similarity between Latin and the languages now spoken in Europe and America. During the first meetings officers were elected. Later members rearranged for use in Latin classes and club meetings, posters and models of things Roman.

Mr. Gratz, head of the Huroquois Council of Boy Scouts gave an interesting talk on his trip to the World Jamboree in Holland. He told how Latin, in several instances, was the only medium of conversation between Scouts of different nationalities. Reverend Osgood also spoke to the Latin Clubs. He told of his experiences as a young boy in China.

The March meetings were devoted to the work of the new "Latin Yearbooks." Each pupil brought the material for his particular subject, and the work was supervised by Miss Sheriff.

The last meeting of the year was held after school, and, like the Christmas party, it was a joint gathering of the three Latin Clubs. A chapter of Caesar was cleverly dramatized, and refreshments were served.

Accuracy is the first fundamental principle; speed, the second. One can be accurate without speed but one can not have speed without accuracy.

In order to obtain accuracy and speed the members must have rhythm, correct posture, and constant concentration on the work before them. These principles have been the basis of the club.

Miss Williamson, club adviser, has been helping members achieve these principles.

Hall Guards

Chairman.....Jack King

The Hall Guards, who were organized to promote cleanliness and order in the halls and to insure the safety of property in the lockers, have completed their third successful year of service.

During every period of the day, a boy and a girl are stationed on each of the three floors. Their duties are to regulate traffic in the halls between classes, to keep the halls clean, and to check the lockers to see that they are locked. If a locker is left open more than three times, the locker privileges of those occupying it are suspended.

When a student wishes to visit his locker during class hours, he must present to the hall guard on duty at that time a slip which has been signed by a faculty member. By this procedure, the stealing of property has been greatly reduced.

Due to the faithful carrying out of every duty, the Hall Guards have proven themselves an asset to Ferry High.

The "M" Club has always had as members any students who had earned an "M" for participating in athletics. Because graduation last spring had taken all except three lettermen, this year's "M" Club was not formed until after basketball season, the Athletic Club having been organized to take its place during the early part of the year.

Club members have adopted an unwritten code of sportsmanship which they practice in daily life as well as on the "field of battle."

Mr. Fred Thomas acted as the Club's faculty adviser.

President.....John Miller
Vice President.....Eileen Brown
Secretary-Treasurer.....Waneta Deitch

Under the supervision of Miss Hortense Gibson the library staff accomplished much this year. When Miss Gibson left to become librarian of Hocking County, Mrs. George Helt was engaged as acting librarian.

The work of the assistant librarians was the checking of books, the hunting of references for students, the checking of attendance, and the arrangement of books and other references according to number and letter. Some of the pupils took charge of the Betty Zane library during their study period. A Christmas party proved to be the outstanding social event of the year.

The meetings took place every Wednesday during the fourth period.

Our Ferrian Salesmen . . .

This year, great interest was created in the Ferrian sales drive by the knowledge that any person selling ten annuals would receive a free copy and that those selling five would get their names engraved in gold on their annuals.

Our sales started out rather slowly, but ended with a grand slam. This year's awards will be cherished by the winners, who are offering a challenge to the underclassmen to beat their record. May the underclassmen accept the challenge!

National Honor Society

1937-1938

After careful consideration, the faculty of Ferry High announced the election of the following pupils to membership in the Martins Ferry Chapter of the National Honor Society for the years 1937-38. Seniors elected were: Dorothy Swift, Catherine Williams, Ruth Runyon, Bonnie Jenkins, Ruth Beck, Martha Jane Bowen, Bob Teare, Harold Lott, Bill Dennis, Anna Mandry, Jane Barr, Orville Beavon, Marjorie Coleman, Phyllis Strong, Frank Swiger, Floyd Ashton, Evelyn Mackey, Doris Williams, Suzanne Lander, Elizabeth Krajnyak, Steve Gocsik, Henry Poludniak, Bill Vickers, Paul Walter, Harry McInerney, Sam Campbell, Laura Lopusniak, Steve Dzuro, and Virginia Myers. Juniors elected included: Irene Depasquale, Thomas Hudock, Katherine Hewetson, Margaret Kerr, Betty Jane McWilliams, Bob Swift, Edwin Hagan, Margaret Wright, Bill VanHorne, Betty Meeker, and Jack Morris. According to the constitution, "The purpose of this organization shall be to create an enthusiasm for scholarship, to stimulate a desire to render service, to promote leadership, and to develop character in the students of the American Secondary Schools."

To be eligible for membership, a pupil must have a scholarship rank in the upper third of his class. From this upper third the faculty may elect not more than 15% of the senior class and not more than 5% of the junior class, taking into account the qualities—Character, Leadership, and Service.

Juniors are elected on probation, that is, they do not become permanent members until re-elected their senior year. Eleven of the senior members, Ruth Beck, Martha Jane Bowen, Marjorie Coleman, Bill Dennis, Bonnie Jenkins, Anna Mandry, Ruth Runyon, Phyllis Strong, Dorothy Swift, Frank Swiger, and Catherine Williams were elected last year. These became permanent members and had the honor of initiating the new members into the Society. Induction ceremonies were held Tuesday evening, May 3, at 8 o'clock in the High School auditorium. Parents and friends of the members and of the school were invited to attend.

The local chapter is one of more than 1500 scattered throughout the United States. In many schools, membership in the National Honor Society has come to be looked upon to be the greatest honor that can come to a student. The above named students are to be congratulated upon the honor which has been bestowed upon them.

The Ferrians, you'll all agree,
Have always been our pride and joy.
A peep at this and then you'll see
This year surpasses those before.

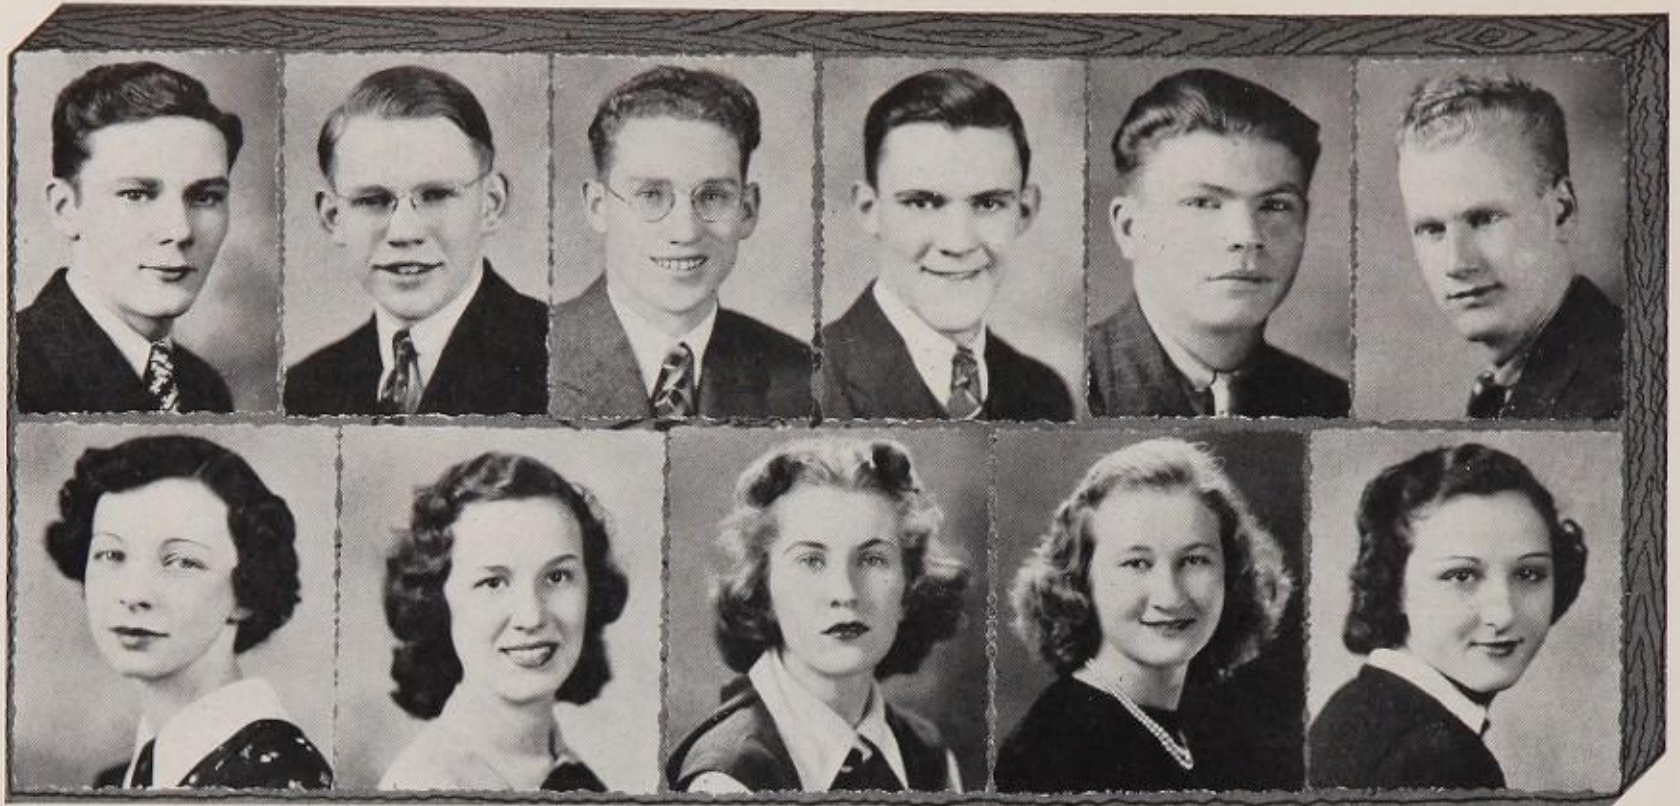

Junior staff sure did their part,
Utterly tireless from dawn 'till dark.
No task too great or job too small,
In time we accomplished them one and all.
Only too willing to help as we go,
Ready as always our talents to show

From the first to the last
Everyone did his best.
Rules and orders we filled,
Rating high with the rest
In making our year book
A work of the best
No one can say that we ever lacked zest.

Shall we have a vacation?
The calendar tells it!
A tired bunch yells it!
Farewell, Ferrian!
Finis!

This year the size of the Annual staff was reduced considerably because of the belief that better cooperation and faster and more efficient work could be obtained from a small group than from a large one.

With a reduction in the membership of the Annual staff, each member's work was greatly increased. Not only should members receive credit for their "write ups", but also for the unseen work which had to be done. All material had to be checked, often times rewritten, and then typed. Besides all this, information concerning the pupils had to be looked up, and last but not least the arrangement of the material itself in the book required time and effort.

The Annual staff sincerely hope that they have produced a "Ferrian" that the Class of "38" can be proud of in the years to come.

FEATURES

As the settlers proceeded to move inland, the Indians became hostile, and murders occurred with increasing frequency along the frontier. The situation grew worse, until Indian massacres were common; and, since the British were aiding the Indians, the United States realized that decisive steps must be taken if the Northwest was to be saved. So Washington appointed General Anthony Wayne to lead an expedition against the Indians. On August 20, 1794, he crushed the strength and spirit of their hostility. Wayne convinced the Indians and their British backers that America intended to hold the Northwest, and to make it the political and industrial heart of the nation.

Exams

Now I lay me down to sleep
In my little bunk—
I hope I die before I wake
And thus escape a flunk.
They told us not to worry,
Not to sit up nights and cram,
Not to feel a sense of hurry
In taking our exam.
And so we didn't worry,
Didn't sit up nights and cram,
Didn't feel a sense of hurry
And—we flunked in our exam.

Laments of a Hallguard

As I sit in the hallguard chair,
I sit and stare and stare,
Occasionally Mr. Kocher goes past,
Or Mr. Stroup with his waxed moustache.
Bill Edmunds, from the third floor,
Comes to borrow paper galore.
Into the gym, I sometimes look;
Or at times, just read a book.
Into a mirror I then do stare,
To powder my nose or fix my hair.
The last few minutes I begin to study
Shorthand, which in my hands is like putty.
Thus, I wait for the hour to pass,
And then I go to my next period class.

OUR ARTIST

Roy Reithmiller, our outstanding artist, has added much to the attractiveness of Martins Ferry High School with his pictures, several of which he has given to the Latin rooms.

Taking four years of Latin explains his tendency to paint pictures which are related to this subject, his latest being a beautiful painting of the Roman Forum.

He was greatly honored two years ago when one of his pictures won honorable mention at the Ohio Classical Conference.

We feel Roy has a great future before him, and that his success will be as lasting after graduation as it has been in school.

Faculty vs. Seniors

The game of the year is on. The faculty and seniors are meeting in a fight to the finish of the game. The gym is jammed with students and some of them can almost see what's going on. There goes the whistle expertly twirped by Mr. Stroup, the original "old eagle-eye." They say he's a tough referee. We'll see. The ball snaps into action and "Flashy" Batdorf is off (and how!) down the floor, nearer and nearer the basket. He whips the ball to Sandrock; it's a bucket for the faculty. Are they good or are they good! (Your guess is as good as mine). Now the seniors have the ball. Those Rose boys really go to town, at least, they're on their way. Now it's the seniors' goal. There goes the whistle, and it's the half. That's the fastest half I ever wrote about; but then these seniors and teachers are speedy people.

There they go again, folks! (But where?) Just a minute. There is something going on out there that isn't in any rule book. It's all right. Just Stroup. He almost got killed in the rush that time. The game must go on, so they'll finish picking up the pieces after the final whistle. Don't look now, but the Seniors just made another basket. The crowd is so excited you can almost hear them cheering. Now here comes Fred Thomas, with Leffer and Beavon right behind him. (He needs backing up—but don't tell him I said so!)

Whatta game! I can't tell who has the ball now. ("Flashy" Batdorf's in the way. Too bad! That would have been another basket for the Seniors, but Feorene tripped over one of his eyelashes. There's the whistle, and it's all over! (Thank heavens!) I never saw such a *conglomeration* of nothing before.

Who won? Don't ask ignorant questions. I'm only the reporter. But they say the Seniors won 34—30.

Well, s'long now.

—Clara Mae Glover "39"

There's no fool like an old fool—especially if he's full.
Silence is golden—but Nancy Wood is off the gold standard.
You can fool all of the people some of the time and some of the people all of the time—but you can't fool Mr. Loucks. He'll give you a C excuse every time.
Every cloud has a silver lining—but you can't spend a silver lining.
Into the Valley of Death rode Harrison Tech (M. F. 27—H. T. 0).
War is h——! Love is worse than that.
All's fair in love and war—except those that use a sun lamp.
United we stand—divided, we get less than when we multiply.
Never cross a bridge until you come to it—it's bad enough to have to pay toll once.
Opportunity only knocks once—I wish I could say the same for my enemies.
Honesty is the best insurance policy. It insures your place in the sun.

The first hundred years are the hardest—and then if you're smart you might become a Sophomore.
Give me Liberty or give me death. How about a Saturday Evening Post?
The three necessities of life. In 1900—food, clothing, and shelter. 1938—wine, women and song.
You can lead a horse to water—which is more than you can do with some people.

THE MONOPOLIZING SOPHOMORE
or
WHO STOLE THE HAMBURGER?

A Play in One Act

Scene—Police Court

Judge Swiger—"Call the next case."
Prosecutor McGee—"Dan Jones."
Dan Jones—"Good morning, Judge, how's tricks?"
Judge Swiger—"Oh!—The same familiar faces."
Prosecutor McGee—"Jones, you're charged with monopoly. Guilty or not guilty?"
Jones—"Not guilty, Your Honor."
Judge Swiger—"Are there any witnesses?"
Prosecutor McGee—"Call Martha Kerr."
Prosecutor McGee—"Miss Kerr, do you know this man?"
Miss Kerr—"My little flower—I'll say I know him. Don't I, Danny?"
Prosecutor McGee—"He's charged with monopoly. Guilty or not guilty?"
Miss Kerr—"He's guilty, Judge! He won't let Robby Padden have a date with me."
Judge Swiger—"All right, thirty dances and costs."
Jones—"Thirty dances, I don't get you Judge."
Judge Swiger—"Padden is to take her to thirty dances, and you're to pay the costs—
Get me now?"
Jones—"Yes, Your Honor."
Judge Swiger—"Case dismissed! Get out of here! Call the next case; nearly through aren't
we, Jim?"
Prosecutor McGee—"Last case, Your Honor."
Judge Swiger (uneasily)—"Why is the whole court getting up?"
Prosecutor McGee—"Most of them are witnesses in this case. Miss Wilson and Messrs.
Theurich, Sutherland, Lane, and Merle Westlake Jr. Miss Burton refused to respond to the
summons, said she was all dated up until next February and didn't have time to come to court."
Judge Swiger—"Well, let X equal the unknown quantity. Proceed with the case, Jim.
What's the gang up for?"
Prosecutor McGee—"Playing a game of chance."
Judge Swiger—"You fellows are the victims, I suppose?"
Ensemble (in B-flat)—"Yes, Your Honor."
Judge Swiger—"Don't tell me it's stiff competition?"
Prosecutor McGee—"By the way, this isn't another case of monopoly is it? Any of you
fellows have trouble getting dates?"
Theurich—"Monopoly! Worse than the Standard Oil, Your Honor. Mary Jane was dated
up in January for the Hi-Y dance in April."
Judge Swiger—"I'll conduct the case, Jim. Miss Wilson, have you an engagement for the
Fourth of July?"
Miss Wilson—"Yes, Your Honor. I promised my sister I would help her shoot off her
fire-crackers."
Judge Swiger—"Great Scott! Has anyone asked to be pall-bearer at your funeral?"
Miss Wilson—"Five, Your Honor."
Judge Swiger—"Leave the sixth place vacant for me, and I'll let you and these three go."
Miss Wilson—"It's a date, Your Honor."
Judge Swiger (spiritedly)—"I've twenty cents. Adjourn the court, Jim. We'll eat at Child's
today."

THE WOMEN OF THE FACULTY

The women of the faculty are worthy of mention.
I'll try to depict them with a description.
They're all very nice, I hope you'll agree,
After you read this poem written by "me."

When you visit Miss Craft, you'll get a break,
Because she'll serve you with her delicious cake.
If you happen to be stuck with mathematics,
Miss McDanel will teach you her tactics.

Miss Fietz, the youngest of the clan,
Will teach you all the science she can.
Or if it's algebra or geometry you want,
See Miss Kennon before you begin to hunt.

Mrs. King and Miss Morris teach history
by Muzzey,
But in their classes, please don't be buzzy.
Mrs. Anderson and Miss Lemmler ne'er do
part.
They hold each other dear in their heart.

In typing it is possible for you to excel,
If the Misses Williamson and Williams do
you impel.
If you Freshmen want to study dramatics,
Miss Hussey will teach you some classics.

To keep your figure trim and girlish,
Miss Freter will teach you without being
churlish.
If it's a dress or blouse you wish to sew,
Miss Lane is the one to help you, you know.

"To be or not to be, that is the question,"
Is taught by Miss Nesbitt with much gump-
tion.
Miss Sheriff teaches Latin to the kids.
If you don't learn she'll have you on skids.

If you want to excel in English,
Let Miss Johnson be your linguist.
Now, if you lack that little spark, humor,
Miss Willerton will be your tutor.

All you altos and sopranos gather around.
Miss Bailey will teach you to sing up and
down.
If you're looking for some books to read,
The librarian is the one to whom you must
plead.

Miss Gillis as our Senior adviser is fine.
She'll help us along any time.
I've tried to do my best, I hope you'll agree,
To describe these teachers as they appear
to me.

NRA, PWA, WPA, NYA, and all ending
in "A!" Not so original at that! Look at

Our Men

Ladies and gentlemen, would you like to know
The men who make our high school go?
We know them well; and we want you to,
Since we know that you'll like them all just as we do.
Mr. W. L. Kocher is the head of them all.
He is jolly and gay, 'tho his work is not small.
And then Mr. Conn, who is calm and serene,
O'er the radio system says, "I trust you've seen."
You've heard of Batdorf, that swell little guy
Who can show you just how to dissect a poor fly.
And then there is Cobb, rather tall and quite blonde,
He, too, of "bugology" right surely is fond.
Well, just look who's coming—It's Sandroek himself!
He's everyone's favorite, you can see for yourself.
And here's Mr. Cochrane, a man large and brawny,
Who leads our big band with his little "Batony."
Oh, there's Mr. Hart, the algebra pro,
And say, does he know his X²'s and his O's.
Now who do you think just went into the lab,
Why, none other than Petty, our chemistry lad.
Oh, boy, here comes Thomas. We all like him, too,
With that basketball team, he knows just what to do.
Now Earl E. Loucks with excuses is "tight,"
But he surely can make that old football team fight.
We know you'll like Stroup with his tiny mustache,
For without him our annual book never would "hatch."
Mr. Charles's first year in this school has been tops,
As a speaking professor, he just can't be topped.
Our shorthand instructor is one of the best,
For Hewetson's motto is "Learn best by test."
And now for our bookkeeping teacher so gay,
For Leffler ne'er frowns except on test day.
Now that you've seen them through critical eyes,
Tell me what you think and give me no lies!
You think they are grand? Ah, don't finish—I know,
Remember my fourth line—Well, I told you so.
—Betty Saus "38"
